

CURRICULUM VITAE

Cristian Meghea

PRESENT TITLE AND AFFILIATION

Primary Appointment

Assistant Professor. Michigan State University, College of Human Medicine Institute for Health Care Studies. East Lansing, Michigan, USA. Since 2006

Joint/Dual Appointment

Assistant Professor. Michigan State University, College of Human Medicine, Department of Obstetrics, Gynecology & Reproductive Biology. East Lansing, Michigan, USA. Since 2010

Visiting Professor. Babes-Bolyai University, Cluj School of Public Health. Cluj-Napoca, Romania. Since 2007

Previous Employment

Senior Researcher. American College of Radiology, Reston, Virginia, USA. 2004 - 2006

Research Assistant. Center for Policy Research, Syracuse University, Syracuse, New York, USA. 2001 - 2003

NATIONALITY

U.S. Permanent Resident and Romanian citizenship

OFFICE ADDRESS

965 Fee Rd, Rom A632-B
Michigan State University
East Lansing, MI 48824
Phone: 517-884-3955
Fax: 517-353-1663
Email: Cristian.Meghea@hc.msu.edu

EDUCATION

Maxwell School, Syracuse University, Syracuse, NY, USA. Ph.D., Economics, 2004

Maxwell School, Syracuse University, Syracuse, NY, USA. MA., Economics, 2001

Faculty of Economics, Babes-Bolyai University, Cluj-Napoca, Romania. B.A., Economics, 1998.

AREAS OF INTEREST

Maternal and Child Health, Global Health, Health Policy, Health Services Research, Women's Health.

ONGOING GRANTS AND AWARDS

Principal Investigator. "Family Smoking Cessation in Romania Using Pregnancy as a Window of Opportunity." The purpose of this 5-year K01 career development award is to lead to an independent research career focused on global health. The long term goal of my research program is to develop, implement, and disseminate effective and sustainable interventions to prevent and reduce smoking in families over the reproductive life span. The research objective of this project is to adapt, enhance, and test the implementation feasibility and initial efficacy, in Romania, of an evidence-based pregnancy and postnatal couple intervention for smoking cessation. 2014-2019. (\$698,251 National Institutes of Health, Fogarty International Center)

Principal Investigator. "Maternal Infant Health Program Quasi-Experimental Evaluation." This project uses quasi-experimental techniques to evaluate the effectiveness of the Maternal and Infant Health Program in Michigan in improving infant and mother health outcomes. 2011- 2015. (\$654,455 Michigan Department of Community Health and Michigan State University)

Principal Investigator. "Postnatal smoking relapse, its associated risk factors, and a proactive sustainable preventive intervention." The purpose of this project is to design and implement a randomized trial intervention to prevent smoking relapse in a sample of Romanian new mothers who smoked and quit early during pregnancy. 2013 - 2016. (\$253,000. Executive Unit for Financing Higher Education, Research, Development and Innovation, Romania)

Co-Investigator. "Demonstration of a Community System of Care for Medicaid-insured Pregnant Women." The purpose of this research is to refine, implement, test and disseminate a community Perinatal System of Care that will improve 1) population risk screening, early access to care, care coordination, and utilization of services; 2) cost efficiency; and 3) health outcomes in Medicaid insured pregnant women and their infants. 2012 - 2017. (\$2,420,935. Agency for Healthcare Research and Quality - AHRQ, R18 Demonstration Grant)

Co-Investigator. "Kin Keeper: Reducing Disparities through Cancer Literacy and Screening." The purpose of this randomized trial study is to test the effectiveness of a community based intervention, (Kin Keeper SM Cancer Prevention Intervention) delivered by Black, Latina and Arab community health workers who teach breast and cervical cancer literacy to women and their female family members. In addition, we will assess rates of healthcare utilization and cost among women the Kin Keeper SM model and the comparison group. 2010 - 2015. (\$2,156,387 National Institutes of Health, R01 NIH Grant)

Program evaluator. "Strong Families, Healthy Families – Strong Beginning." This project will address racial disparities in birth outcomes and improve infant health. MSU (the MFMP team) will conduct an in-depth analysis of the program's effectiveness and cost-benefit. 2011 - 2016. (\$5,482,287 W. K. Kellogg Foundation / Spectrum Health)

COMPLETED GRANTS AND AWARDS

Co – Principal Investigator. "Michigan Family Medicaid Project (MFMP)," joint work with the state of Michigan and community partners to develop a new system of care for Medicaid-insured pregnant women and infants. 2006 - 2011 (\$2,600,000 Michigan Department of Community Health).

Principal Investigator. "Maternal and Child Health in Romania: a study on smoking during pregnancy, depression, stress, other risk factors, and a smoking cessation intervention." 2008 - 2010. (\$205,000. Ministry of Education, Research and Youth, Romania)

Principal Investigator. "Effect of Enhanced Home Visiting on Infant Health." This project evaluated the advantage of an enhanced prenatal services Medicaid program using nurse-CHW (community-health-worker) home visiting teams in improving child health in a cost effective way. 2008 - 2009 (\$46,530 Blue Cross Blue Shield of Michigan Foundation)

Principal Investigator. "Medicare/Medicaid Long Term Care for Dually Eligibles." This project analyzed the dual eligibles in long term care in Michigan (individuals eligible for both Medicare and Medicaid). 2007 - 2009 (\$250,000 Michigan Department of Community Health and Institute for Health Care Studies)

Cristian Meghea, PhD.

Institute for Health Policy, and Department of Obstetrics, Gynecology and Reproductive Biology, Michigan State University Principal Investigator. Family Research Initiative. Michigan State University - internal grant to write a white paper on maternal and child health in low-income families. 2007 (\$2,500)

Dissertation fellowship granted by the Center for Retirement Research at Boston College. 2003 - 2004 (\$20,000)

Research grant, Syracuse University Economics Department. 2002 - 2003 (\$10,000)

HM 547 Health Policy - Social Context of Clinical Decisions, Integrative Module

HM534-12 Clinical Skills, Neuro, Performance Based Assessment

HM535-06 Clinical Skills, Urinary Tract, Performance Based Assessment

HM533-03 Clinical Skills, Sexual History Taking, Performance Based Assessment

SERVICE

Member and Vice-Chair. College Advisory Council, College of Human Medicine, Michigan State University.

Cristian Meghea, PhD.

Institute for Health Policy, and Department of Obstetrics, Gynecology and Reproductive Biology, Michigan State University Member. Committee on Admissions, College of Human Medicine, Michigan State University.

Invited grant reviewer: Maternal and Child Health Bureau, Health Resources and Services Administration (MCHB-HRSA)

Ad-hoc reviewer: American Journal of Public Health, the European Journal of Public Health, American Journal of Preventive Medicine, Pediatrics, Preventive Medicine, Addiction, Infant Mental Health Journal, Psychology and Health, Infant Mental Health Journal, BioMed Research international, and Medycyna Pracy.

OUTREACH / OTHER ACTIVITIES (RECENT)

Maternal and Infant Health Program Quasi-Experimental Evaluation: worked with external partners, increased research opportunities, enriched community life.

AHRQ-funded project in Kent County (PI: Roman): worked with external partners, increased research opportunities, enriched community life

Kin Keeper: NIH-funded project, educational intervention to improve breast and cervical screening behavior among Black, Latina, and Arab women. Worked with external partners, increased research opportunities, enriched community life

NIH/Fogarty K01 - Family Smoking Cessation in Romania Using Pregnancy as a Window of Opportunity, with Babes-Bolyai University and community partners in Romania: expanded international reach, worked with external partners, increased research opportunities, enriched community life

Postnatal smoking relapse, its associated risk factors, and a proactive sustainable preventive intervention, with Babes-Bolyai University and community partners in Romania: expanded international reach, worked with external partners, increased research opportunities, enriched community life

ADDITIONAL SKILLS

Languages: Fluent in English and French. Romanian native speaker. Beginner in Italian.

Computer Skills: Statistical Applications (Stata, SAS, SPSS), Microsoft Office.

HONORS

Merit scholarship from Syracuse University. 1999-2004. Five years graduate school tuition

Merit scholarship from Central European University, Budapest (May 1999). Two years graduate school tuition and stipend [declined].

Tuition for the RAND Summer Institute: Demography, Economics, and Epidemiology of Aging (July 2003).
